

Problem Solved

SOLID PROTECTION FOR MOBILE EQUIPMENT

Correctly identify grease 100% of the time with LE's Clear Grease Guns, a great reliability companion for Almamoly™ HD Grease.

Problem: Ordinary greases fail to adequately lubricate heavy-duty mobile equipment in severe conditions, often pounding out, running out or breaking down.

Solution: Almamoly™ HD Grease features a proprietary combination of solid lubricants and a calcium sulfonate thickener, ensuring reliable, long-lasting lubrication and significantly better wear-resistance than other greases.

Withstands water, high temps & heavy loads

Can be used for equipment requiring 5% molydisulfide

Excellent for construction, agriculture, open pit mining & road-building equipment

Almamoly™ HD Grease joins LE's full line of high-performance industrial greases. Call, email or visit us online to find the right grease, request quotes, and browse our application tools, including automatic lubricators and Clear Grease Guns.
