

# ON TARGET LUBRICANTS

## H1 QUINPLEX FOOD MACHINERY LUBRICANT

**Robust grease protects  
against harsh conditions in  
food and beverage plants**

**Recommended for a wide array of equipment requiring an H1 lubricant, this long-lasting, semi-synthetic grease has achieved documented results in extending bearing life, decreasing maintenance costs, and reducing downtime.**

H1 Quinplex Food Machinery Lubricant – available in four NLGI grades – protects equipment from moisture, high temperatures, extreme pressure and other harsh conditions.
