

LUBRICATION ENGINEERS, Inc. Uptime Hero

30,000 HRS

Meet the Air Compressor That Went
30,000 hours with the Same Oil

That's right – in 30,000 hours of operation, no oil change and no lubrication-related downtime. In fact, the oil is nearly ageless, providing the same asset protection today as the day it was added. That's nearly four times longer than the OEM-recommended interval for this compressor.

How'd we do it? By Implementing these two simple solutions:

- 1 Xamine™ Oil Analysis
- 2 Multilec® Industrial Oil

What about you?

Apply these solutions to your equipment and start tracking the value to your organization of extreme uptime, extended oil drains, reduced maintenance labor, and reduction of costly unplanned part replacement. Truly heroic stuff.

Read more about our air compressor success story at www.lelubricants.com/air-compressor-lubricants.html and then contact us to get started. All of these solutions – and many more – are available on the LE website or through our local lubrication consultants.
