Register Now: MLT I / MLA I Training Opportunity Nov. 5-7 at perma Facility in NC

Together with our partner perma, Lubrication Engineers invites you to participate in three days of MLT I / MLA I training (with an optional certification exam on the fourth day) at perma's new state-of-the-art facility in Charlotte, N.C.

This special training opportunity will help you and your team build a foundation of knowledge at your plant. In this course, managers, engineers and technicians alike will learn the impact best-in-class lubrication practices can have on machine health and reliability. By advancing the lubrication reliability knowledge and expertise of your team, you will reap the labor savings and other hidden profits that are directly related to an improved reliability program.

Class Details

- **When:** Nov. 5-7, optional exam on Nov. 8
- **Where:** perma headquarters in Charlotte, N.C.
- **What:** 3-Day course covers everything you need to know for the MLT I and MLA I certifications. It's a deep dive into machine lubrication practices that can really boost your plant's productivity. Day 4 is an optional day to take the certification exam from ICML.
- **Bonus:** This session includes a tour of perma's facility where the company's single point lubricators are manufactured.
- **Hosts:** [perma](#), The Expert in Lubrication Solutions, and [Lubrication Engineers](#), Your Trusted Lubrication Reliability Provider
