

LE, perma Offer MLT I / MLA I Training Nov. 5-7 in NC

WICHITA, Kan. (Sept. 13, 2024) – Together with its automatic lubrication partner – perma USA – Lubrication Engineers is hosting three days of MLT I / MLA I training Nov. 5-7 (with an optional certification exam on Nov. 8) at perma’s new state-of-the-art facility in Charlotte, N.C.

This special training opportunity will help attendees build a foundation of knowledge at their organization. In this course, managers, engineers and technicians alike will learn the impact best-in-class lubrication practices can have on machine health and reliability. By advancing the lubrication reliability knowledge and expertise of their personnel, manufacturers will reap the labor savings and other hidden profits that are directly related to an improved reliability program.

Class Details

- **When:** Nov. 5-7, optional exam on Nov. 8
- **Where:** perma headquarters in Charlotte, N.C.
- **What:** 3-Day course covers all knowledge needed to pass the MLT I and MLA I certification exams. It’s a deep dive into machine lubrication practices that can boost a plant’s productivity. Day 4 is an optional day to take the certification exam from ICML.
- **Bonus:** This session includes a tour of perma’s facility where the company’s single point lubricators are manufactured.
- **Hosts:** [perma](#), The Expert in Lubrication Solutions, and [Lubrication Engineers](#), Your Trusted Lubrication Reliability Provider
- **Cost:** \$999 per trainee (includes lunch each day)

About Lubrication Engineers

A leader in lubricants since 1951, [Lubrication Engineers](#) is a trusted reliability partner to companies in a variety of industries worldwide. LE creates solutions for tough lubrication challenges, protecting its customers’ profits through longer equipment life, extended service intervals, reduced energy use, fewer repairs, and less inventory. It does this with trained consultants, technical expertise, reliability products and services, and a full line of enhanced lubricants manufactured at its plant in Wichita, Kan. LE formulates its industrial and automotive lubricants from high-quality base oils and proprietary additives, ensuring they exceed the performance of ordinary oils and greases. From its warehouses in Wichita, Tennessee and California, the company distributes products around the globe. It has distributors in more than 60 countries and operates under an ISO 9001 Certified Quality System.

About perma USA

In January 2024 [perma USA](#) opened their new office location in Charlotte, N.C. As a wholly owned subsidiary of perma-tec GmbH & Co, HTL perma USA LP has direct access to the Research & Development Center and Engineering Group in Germany.

Every 11 seconds, a perma lubrication system is installed or exchanged, worldwide. Manual lubrication is a thing of the past! Today, anyone looking for safe, effective and long-term economical lubrication of equipment takes advantage of automatic lubrication. perma offers ideal technical and economical solutions for any lubrication point.
