

# Product Information

## Xtract™ Filtration

### Xtract™ Adapter Kits

#### *Gearbox, Hydraulic, Drum & Tote Adapter Kits*

Easily connect the appropriate adapter kit to your filtration system while keeping your lubricants and equipment clean and dry.

Gearbox Adapter

Hydraulic Adapter

Drum Adapter

Tote Adapter

#### Did You Know?

Pairing fluid handling filtration with breather protection, via an Xtract Adapter Kit, allows for maximum system integrity – requiring less equipment and labor while reducing system contamination.

#### Applications

- Gearboxes
- Transformers
- Storage tanks
- Hydraulics
- Drums

#### Key Benefits

- Allows for easy equipment adaptation and quick connection to a filtration system
- Prohibits entry of dirt and moisture
- Allows for customization

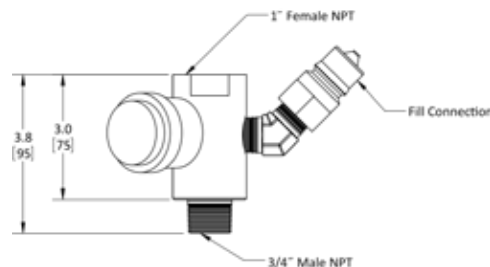

# Features & Specifications

## Adapter Kits

### Gearbox Adapter

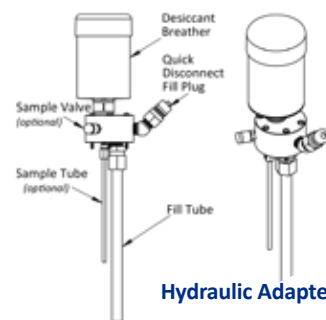

- 3/4" male NPT connection size
- Replaceable breather with color-indicating desiccant
- Quick connect plugs
- Single-position vacuum indicator
- Customizable colors

**Gearbox Adapter**

### Hydraulic Adapter

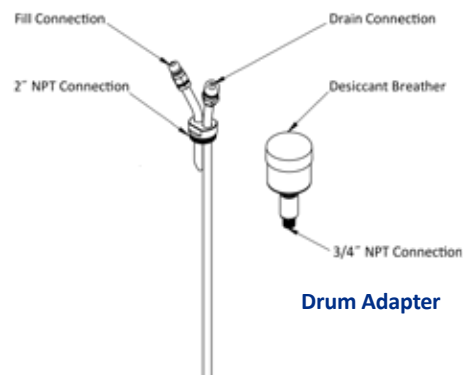

- Replaceable breather with color-indicating desiccant
- Quick connect plugs
- Single-position vacuum indicator
- Sample valve, with pitot tube of optional length included
- Standard 6-hole flange connection size with gasket and bolts included
- Customizable colors

**Hydraulic Adapter**

### Drum Adapter

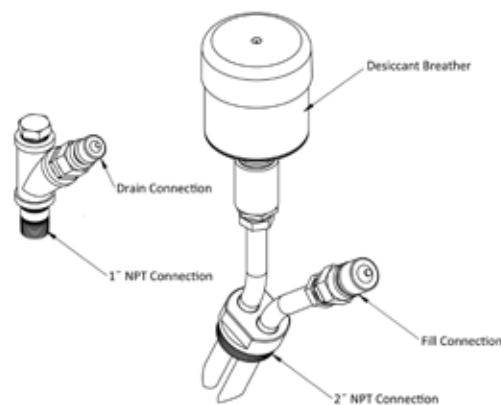

- 2" male NPT connection size
- Replaceable breather with color-indicating desiccant
- Quick connect plugs
- Customizable colors
- 36" drain tube
- 6" fill tube

**Drum Adapter**

### Tote Adapter

- 2" male NPT connection size
- Replaceable breather with color-indicating desiccant
- Quick connect plugs
- Customizable colors
- 6" fill tube

**Tote Adapter**

### Did You Know?
