

8800 MONOLEC ULTRA® ENGINE OIL

NIBCO, INC., Goshen, IN

Forklifts • SIC 3089 Plastic Products

CUSTOMER TESTIMONIAL

CUSTOMER PROFILE

Nibco, Inc. is a manufacturer of PVC plumbing fixtures and components in Northern Indiana. They are in operation twenty-four hours a day, seven days a week. Products are sold and shipped around the world.

APPLICATION

They maintain over 30 forklifts of various sizes and models.

AREA OF INTEREST

Oil change intervals using a major oil brand were established at every 200 hours. This averaged out at 10-day drain intervals on each forklift.

LE SOLUTION

LE Representative Bill Harvey recommended 8800 MONOLEC ULTRA Engine Oil. LE's 8800 is made for heavy-duty, long drain service in both diesel and gas engines. It improves on fuel efficiency, oil consumption, temperature, and reduces wear. LE's 8800 is made from select Paraffinic base oil and contains MONOLEC®, LE's exclusive wear reducing additive.

**Drain intervals have
been extended from
200 hours to 800 hours**

CUSTOMER COST SAVINGS

After changing the forklifts over to 8800 MONOLEC ULTRA Engine Oil, drain intervals have been extended from 200 hours to 800 hours (this being achieved through LEAP, used oil analysis). Temperatures, leakage and oil consumption have all been reduced.

OTHER PRODUCTS USED

- + 300 MONOLEC® Industrial Lubricant
- + 607 ALMASOL® Vari-Purpose Gear Lubricant.
- + 2059 MONOLEX® Penetrating Oil & Lubricant
